

Made in the UK

All KaraSolar Canopies are made using
British Steel and/or British Timber

APOLLO

Steel Solar PV Canopy

Canopy Ref:	KSSC/APOL/D
Canopy Model Type:	APOLLO
Width of Canopy:	10.00m
Length of Canopy:	51.25m
Azimuth of Canopy:	180° (from north)
Pitch of Canopy Roof:	10°
No. Parking Bays:	36
No. of Support Sections:	5
No. of Solar Panels:	176
Solar Panel Type:	AIKO COMET 2U72 Mono-Glass 670W
Total kWp Rating:	117.920
Estimated Annual kWh:	112,968

System Performance

■ GENERATION (kWh/day)

Solar estimates based upon installing the above canopy with the above azimuth and pitch at:

South Winchester Park & Ride
Winchester - SO21 2FG
