

Made in the UK

All KaraSolar Canopies are made using  
British Steel and/or British Timber

## INDRA

Steel Solar PV Canopy

<b>Canopy Ref:</b>	KSSC/INDR/E
<b>Canopy Model Type:</b>	INDRA
<b>Width of Canopy:</b>	6.00m
<b>Length of Canopy:</b>	42.50m
<b>Azimuth of Canopy:</b>	180° (from north)
<b>Pitch of Canopy Roof:</b>	15°
<b>No. Parking Bays:</b>	17
<b>No. of Support Sections:</b>	6
<b>No. of Solar Panels:</b>	85
<b>Solar Panel Type:</b>	AIKO COMET 2U72 Mono-Glass 670W
<b>Total kWp Rating:</b>	56.950
<b>Estimated Annual kWh:</b>	54,558

### System Performance

Solar estimates based upon installing the above canopy with the above azimuth and pitch at:

South Winchester Park & Ride  
Winchester - SO21 2FG
