

Made in the UK

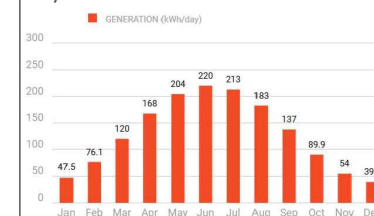

All KaraSolar Canopies are made using
British Steel and/or British Timber

INTI Steel Solar PV Canopy

Canopy Ref:	KSSCOIE
Canopy Model Type:	INTI
Width of Canopy:	5.00m
Length of Canopy:	45.00m
Azimuth of Canopy:	180° (from north)
Pitch of Canopy Roof:	10°
No. Parking Bays:	15
No. of Support Sections:	6
No. of Solar Panels:	76
Solar Panel Type:	AIKO COMET 2U72 Mono-Glass 670W
Total kWp Rating:	50.920
Estimated Annual kWh:	47,305

System Performance

Solar estimates based upon installing the above canopy with the above azimuth and pitch at:

South Winchester Park & Ride
Winchester - SO21 2FG
