

Made in the UK

All KaraSolar Canopies are made using
British Steel and/or British Timber

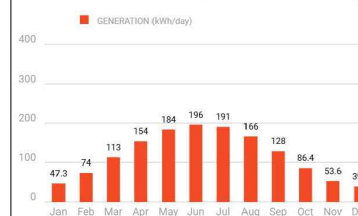

THOR

Steel Solar PV Canopy

Canopy Ref:	KSSC/THOR/C
Canopy Model Type:	THOR
Width of Canopy:	5.00m
Length of Canopy:	40.00m
Azimuth of Canopy:	180° (from north)
Pitch of Canopy Roof:	15°
No. Parking Bays:	14
No. of Support Sections:	4
No. of Solar Panels:	68
Solar Panel Type:	AIKO COMET 2U72 Mono-Glass 670W
Total kWp Rating:	45.560
Estimated Annual kWh:	43,647

System Performance

Solar estimates based upon installing the above canopy with the above azimuth and pitch at:

South Winchester Park & Ride
Winchester - SO21 2FG
